

Message from the Club President to River Bend Gun Club Members and Staff Coronavirus, COVID-19 Update 3/24/20

Since the last update message to RBGC members on 3/14/20, the RO's have elected to **cancel all shooting venues (matches) through early April**. The decisions to cancel the shooting venues were made to protect members, guests and RO staff by limiting their exposure to the COVID-19 virus.

Club Management now believes it is necessary to close Shotgun Hill through 4/1/20. This decision is made for the same reasons as the decisions to cancel and in some cases postpone RBGC shooting venues.

At this time, River Bend Gun Club remains open for members, their family and guests. However, the COVID-19 situation and responses to it by local, state and federal governments are changing rapidly. It may be necessary to take additional action in response to, as yet unforeseen conditions or to comply with government directives. Rest assured that every effort is being made to keep the club open and to maintain a safe environment for Club staff, members, their family and guests.

Please do your part and act responsibly. Do not come to the Club if you, your family members or your guests are feeling unwell. Please use the restrooms near the ranges to wash your hands often and ensure that your family and guests do this, also. Practice Social Distancing by maintaining a distance of at least 6 feet from anyone who is coughing or sneezing and cover your mouth and nose with your elbow or a tissue when you cough or sneeze.

Updates will be posted on the Club web site and on the Club Forum. In the event that there are significant developments, like the closing of RBGC, updates will also be emailed to all members. Please refer to the RBGC web site at www.RBGC.org or contact the Club Manager at clubmanager@RBGC.org if you have questions.

Advice for the Public from the World Health Organization

Wash Your Hands Frequently

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

Maintain Social Distancing

Maintain at least 3 feet distance between yourself and anyone who is coughing or sneezing.

Avoid Touching Eyes, Nose and Mouth

Practice Respiratory Hygiene

Make sure you and the people around you follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

If You have Fever, Cough and Difficulty Breathing, Seek Medical Care Immediately

Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance. Follow the directions of your local health authority.

Stay Informed and Follow Advice Given by Your Healthcare Provider

Stay informed about the latest developments about COVID-19. Follow advice given by your healthcare provider, your national and local public health authority or your employer on how to protect yourself and others from COVID-19.

Protection Measures for Persons Who are in or Have Recently Visited Area Where COVID-19 is Spreading (within the past 14 days)

- Follow the guidance outlined above.
- Stay at home if you begin to feel unwell, even with mild symptoms such as headache and slight runny nose, until you recover.
- If you develop fever, cough and difficulty breathing seek medical advice promptly as this may be due to a respiratory infection or other serious condition.
- Call in advance and tell your medical provider of any recent travel or contact with travelers.
