September 11, 2021 will be the 20th anniversary of the horrific terrorist attacks by Islamic extremists on the Twin Towers of the World Trade Center in New York City, the Pentagon in Washington D.C. and the failed attempt to crash United Airlines flight 93 into an unknown target. On that day, almost 3,000 men, women and children perished in the attacks.

During the ensuing two decades, the United States conducted a global war against terrorism focused mainly in Iraq and Afghanistan and, according to the US Dept. of Defense, 7,061 US military and US DOD civilians lost their lives during the various anti-terror operations in those and other countries in the region. Another 53,283 US military and DOD civilians were wounded in action and many more veterans of these conflicts suffer crippling emotional trauma resulting from their service to this country.

It is not my intention to use the Bullet-IN to editorialize, to place blame or to sensationalize the war on terror or to find fault with the actions of the four US Presidential administrations in office since September 11, 2001. I do want to acknowledge the extraordinary sacrifices of the thousands of men and women of America's military who have given so much to defend this country, I do want to thank them for their service to the country and to us all and I do want to remember the September 11, 2001 attacks on America and give credit to all who toiled, fought and died to defend us during the past two decades.

To all the US military and DOD civilian personnel and to your families, loved ones and survivors, Thank You for your courage, your sacrifice and your dedication to the United States of America. We can never repay you for what you have given to preserve our safety and way of life.

Will

Meet the New CRO Staff

The CRO staff has grown over the past month or two and I would like to take this opportunity to introduce to the Club the newest members of the CRO staff.

Bill Goode. Bill has been a member of Riverbend Gun Club for over 20 years. He is a certified firearms instructor in pistol, rifle, and shotgun. Although Bill specializes in teaching personal defense, he also trains students in competitive shooting sports and basic fundamentals of firearms training. When he is not patrolling the range, Bill enjoys Action Pistol Sports and training in Tactical Firearms skills.

Bill also has a number of life-safety certifications under his belt, such as Certified American Heart Association First Aid, CPR, and AED as well as Certified American Red Cross First Aid, CPR, and AED. Other notable accomplishments Bill has achieved are:

- ◆ NRA Life Member and Certified Firearms Instructor
- ◆ NRA Certified Chief Range Safety Officer
- ◆ Glock advanced Armorer
- ◆ IDPA Certified Safety Officer, Volunteer Dawson County Fire and EMS

Next is **Mark Staton**, who is the latest member of the CRO team. Mark comes to the CRO from the ARO slot with the Hunter Rifle Shoot, held alternately between the High Power and Silhouette ranges. Originally from Dayton OH, Mark and his wife of 52 years Jan, moved to Georgia in the 1970's where Mark built a career with DeKalb County Fire Department. After retirement, Mark took up hiking many of the National Parks, such as Yellow Stone in Montana & Wyoming. Mark also has 2 sons whom have followed his footsteps into fighting fires.

Mark's interests extend to long-range shooting sports and large caliber handguns.

Next time you see Bill or Mark out on the range [you'll know them by the bright yellow vest] be sure to say hello and ask any range question you have: they'll be sure to find the answer!

The CRO is still looking for 1 additional team member to bring to the Club a trio of ACRO II resources! If you know someone who has an interest in service to the Club, please check the online website www.rbgc.org under Documents > RBGC Job Openings folder, or simply email cro@rbgc.org and express an interest. Thank you!

Women on Target Pistol Clinic

Come join the fun! The next **Women on Target Pistol Clinic** is Saturday, October 9, 2021

The clinic starts at 8:30 am in the Gene Mowell Conference Center. Several women NRA Pistol instructors facilitate the classroom sessions on firearm safety; parts and functions of revolvers and semi-automatic pistols; ammunition knowledge; the shooting fundamentals and answer your questions. The Club provides lunch, then we head to the range for a one-on-one shooting experience with our wonderful volunteer coaches!

Click on link to register online: <https://tinyurl.com/y4bec34k>

At the August clinic, competitive shooter Mary Stewart, encouraged the ladies to continue their shooting experience and improve their marksmanship skills by inviting everyone to participate in the Steel Challenge Competition on the second Sunday of every month. She explained the courses of fire, typical range commands, and how to sign up online. Club President, Will Owensby, then joined us to describe the various ranges at the club, membership benefits, new member orientations, and the Action Pistol competitions on the third Saturday each month. All the competitions are open to the public, so there is always a match and helpful club members to assist new shooters!

Questions: email Kathy Rioux at legacyost@gmail.com

Official Club Business

Highlights of the July 12, 2021 Board of Directors Meeting

President Will Owensby presided over a quorum of eight Board members. Also attending were three club officers, the Club Manager, the Assistant Club Manager, and the Shotgun Hill Manager. The meeting was convened at 7:00PM on Monday, July 12, 2021. The meeting was held at RBGC's Gene Mowell Conference Center on club property.

A quorum was confirmed, the proposed agenda was adopted, the minutes of the June 14, 2021 Board meeting were approved, and the following officer and manager reports were presented and accepted:

Treasurer Secretary Chief Range Officer Club Manager Shotgun Manager

Board decisions made, actions taken, and items of interest:

- Treasurer Geoff Rhines reported that June FYTD income was \$968K, an increase of approximately \$42K versus the same period in FY 2020.
- June FYTD expense was \$1,012K, an increase of approximately \$114K versus the same period in FY 2020.
- Cash in the bank as of 6/30/21 was \$524,411 including \$100,206 in Capital Reserve Fund.
- Club Secretary Erica D'Amico reported that the membership total at the beginning of the June 2021 meeting was 2,169.
- The number of Senior Members in July 2021 was 199 (9.17% of RBGC membership).
- There are currently 22 members on the Life Membership Wait List.
- Chief Range Officer Jim Garner presented the CRO report and reported that 19 of 20 venues submitted Match Use Summary Reports for June. Total entries were 415 (210 members, 193 non-members, and 12 juniors). June match income was \$6,195 with \$1,213 reported to the club.
- Range Use Summary Report for June totaled 1,563 (1,328 members and 235 guests).
- There was a New Member Orientation (NMO) class held on June 27 for 25 of the 29 registered attendees.
- There were 9 Tac Rifle Certifications in June.
- Dave Harrington was recommended and approved as Bullseye ARO.
- Marc Schneider was recommended and approved as IDPA ARO.
- Club Manager Bill Illg reported that the HP tree removal project has been completed.
- Galloway Construction and Consulting is making good progress on the Shotgun Hill renovation.
- The Cowboy Hill paving project has been completed.
- The dueling tree on Cowboy Bay 9 has been repaired.
- New signs regarding the rule changes for the Silhouette and Cowboy ranges were installed.
- Signs allowing driving to the HP 200-yard line are up.
- The Club's membership to the National Sport Shooting Foundation has been renewed.
- Two new plate racks were delivered.
- The flag at the entrance to the Club has been replaced.
- Shotgun Hill Manager Bill Wettingfeld reported that shotgun range use in June was 278 shooters (259 members and 195 guests). 1,212 rounds were fired during the month with 20 cart rentals. Total June revenue to the club was \$7,571.
- The Board approved 15 new members and reinstated 2 members.
- Facilities Committee Chairman Art Thompson requested \$16,000 to complete the High Power scoring shed project. The board approved the request.
- Infrastructure Committee Chairman Bill Illg reported that the Jim Hinkle Rimfire Range cold range indicator lights are now running on 12v power to negate the effects of a power outage. This will provide 3 days of use during an outage.
- Membership Database and Renewal Automation Committee Chairman David Norcross reported that of the 2,169 active members, 305 have not logged on yet.

(Continued on page 5)

Official Club Business

(Continued from page 4)

- Public Relations Committee Chairman David Norcross reported that the July Bullet-IN reached 2,184 recipients. Open rate was 59% and 42% of members clicked through the newsletter.

Regular monthly Board meetings are called to order at 7:00 PM on the second Monday of each month in the Gene Mowell Conference Center. RBGC members and families are cordially invited to attend.

August 2021 Light Rifle Match Report

Simon Bailey

As usual, the August Light Rifle tournament consisted of two 30 shot matches, the first an “Irons Only” match affectionately known as the “Gary Brockmiller Commemorative Match”, followed by a 30 shot any sight match.

The weather was typical for this time of year and 13 competitors were on-hand to shoot, including Mr. Brockmiller himself who was visiting Virginia and came prepared to shoot his namesake match. While all shooters are welcome to shoot the Irons only match, only eight competitors used metallic sights and thus fired for record. All shooters using scopes had their targets scored, but not recorded.

Shooting at 50 yards offhand at a 1” 10-ring is very challenging and results in almost every shooter throw’s a shot or so wide completely missing the scoring ring now and then. This match was no exception and even the best shooters put holes in the non-scoring white now and then.

As the shooters were gathering, an unwelcome and annoying noise could be heard in the distance to the left of the firing line. With no creature making itself visible, the Irons only match got underway.

Predictably, George Wilson jumped out to an early lead firing a solid 81-1X besting the field by a solid 10 points. While the second stage targets were being hung and the first stage was being scored a very large yellow bee carrying a long stinger emerged over the left side of the range over the power line.

By the start of the 2nd stage, the bee had gone back to its hive and silence reigned for a few minutes. Unfortunately, the silence lasted for only a few shots and the angry bee rose from behind the back berm and continued to brandish its stinger against the trees along the power line. A cease fire was called and lasted for over 30 minutes while the insect swept back and forward just beyond the berm.

Unknown to any of us present, and in defiance of what would appear to be common sense, it appears that it is an acceptable practice to bolt a long (and I mean long) cutting assembly to the bottom of a helicopter and then use that contraption to trim trees along the edge of a power line. While it would seem that this practice would quickly lead to Darwinian “thinning of the heard” involving a large bolt of electricity and a flaming helicopter crashing to the ground, no such spectacle occurred and eventually the Angry Bee, still carrying its stinger, flew off down the powerline to the right and out of sight allowing the match to continue.

After the interruption, Mauro Bisiacchi fired an 81-0X while George Wilson fired one of those misses previously mentioned, to allow Bisiacchi to take over 1st place. Matt Whitley took control of third place ahead of Bob Morris by one X – 139-2X over 139-1X.

(Continued on page 7)

Light Rifle Match Report

(Continued from page 6)

The third stage saw a pair of 84's from Wilson and Bisiacchi and an 87 from the Match namesake Brockmiller to settle the final lineup with:

Match 1 Summary - Metallic Sights Only

Mauro Bisiacchi	- 237.2X	Match Winner
George Wilson	- 231.3X	2 nd Place
Gary Brockmiller	- 203.3X	3 rd Place
Morris, Bob	- 199.1X	1 st Sharpshooter
Bailey, Simon	- 199.0X	2 nd Sharpshooter
Hegwood, Glen	- 140.0X	1 st Marksman

Match two got underway as conditions quieted. With the Angry Bee gone, peace returned, and with Optical Sights back in use, scores increased. All 13 shooters were now in the match and shooting for record.

Simon Bailey, now able to see what he was aiming at, fired a solid 85-2X to jump out into the lead over Bisiacchi who posted an 83.0X. Bob Morris took over 3rd place with an 81.0X. In the second stage, the three top shooters all fired 81's keeping things close and positions unchanged. Wilson was not done, however, and fired an 86-1X to start moving up the scoreboard.

The final stage shuffled the standings substantially. Bailey had a reasonable stage going until his last shot when an unwelcome lapse in concentration caused a shot to drop out of the scoring rings. Morris also suffered a 10 point deficit when he thought he had a double but had fired only 9 record shots.

Bisiacchi's final effort of 78-1X moved him into first place with Bailey's 75-1X good enough for second. Wilson fired an 80.0 to end in a tie with Morris, who's 77-1X led to the tie score of 239-1X. The tie was settled by scores on the bulls in reverse order fired, with Wilson taking 3rd place while Morris placed as 1st Sharpshooter.

Match 2 Summary - Any Sights

Mauro Bisiacchi	- 242-2X	Match Winner
Simon Bailey	- 241-3X	2 nd Place
George Wilson	- 239-1X	3 rd Place
Bob Morris	- 239-1X	1 st Sharpshooter
Brad Kanipe	- 206.0X	1 st Marksman
Matt Whitley	- 204-1X	2 nd Marksman
Tom Hollingsworth	- 200.1X	3 rd Marksman

Congratulations to all winners and please see the Match

Bulletin on the website for the full results. Thanks to Andrew Bailey for running the statistical office and to Don Coleman for serving as Range Officer and calling the match.

The next match will be the Labor Day match and will be held on Labor Day, Monday September 6th. This match returns to the 60-shot format fired at 50 ft. Grab your 22 rifle and come on out and join the fun and friendly competition.

Rimfire Benchrest Match Report

Simon Bailey

Overcast skies and almost liquid air greeted the 12 competitors on-hand for the fifth RBGC Rimfire Benchrest match of 2021. Setting up the equipment led to sweat soaked shirts, but the cloudy conditions led one very misguided competitor to predict low winds for the entire match.

The match format for the day was four stages at 50 yards using the RBA target for the Unlimited class and the IBS 50 target for the Factory and Semiauto classes, with the 12 shooters on hand allowing formation of these three classes.

If you have followed these matches previously, you are likely aware that most of the drama occurs among the Unlimited shooters, with very tight scores and matches often settled only by a point or so while the other classes are often dominated by a single shooter. This month things were just a little different.

In the unlimited class, Grant Toman rejoined the action this month with his aptly named rifle Enigma - a Broughton 4C barrel mated to an amazingly well tuned X-III action firing mid-grade Eley Team ammo. Despite some very tricky winds, the gun simply didn't know how to fire a bad shot and Grant posted his first 250 of the day along with 18 X's. Next up was Pat Patterson, also with an X-III but wearing a Muller barrel and firing Eley Match, who posted a 248-14X. In third was John McBrayer who used his Vudoo VS22/Lothar-Walther combo and Center-X to post a 247-15X.

In Factory class, Drew McKay using his Lithgow 101 again dominated with a 248-12X over closest competitor Phill Bettis using his CZ457, managed a 235-10X. In the Semiautomatic class, Shaun Forgacs and his Green Mountain barreled Ruger 10/22 put up a strong 249-7X with Paul Lemley and his new Brownells action mated to a KSA barrel fired a matching 249-7X.

The winds kicked up for the second and third cards with the wind flags providing almost unreadable feedback. Periodically, sunshine broke through the clouds causing a significant upset in the conditions and making a bad situation even worse, but clouds prevailed and tamed some of the chaos. Patience was rewarded with periods of readable conditions with some very shootable periods of left wind followed by stronger right wind. The stronger conditions required some courage to shoot through, but good results were possible, and many shooters used almost the entire time period to make all of their shots.

Toman advanced with a pair of 250-17X's to keep his clean score alive. Patterson posted a 248-14X and a 249-17X to hold second, while Simon Bailey's 2500X/Mullerworks setup settled down managing a 248-15X and a 248-16X to move up to third.

(Continued on page 9)

Rimfire Benchrest Match Report

(Continued from page 8)

In Factory class, McKay posted a clean 250-9X and a 248-7X to hold first place after three cards while the Semiauto class duel between Forgacs and Lemley continued. After the second card, Forgacs had moved ahead on X count with both scoring 247's – Forgacs with 10X's to Lemley's 6X. On the third card Forgacs fired his first clean target ever, moving a couple of points ahead posting a 250-8X to Lemley's very solid 248-6X.

And then the rains came. Not a drenching rain, but a steady shower that started just as firing on the fourth card began and ended about the time firing was complete.

Toman completely fell apart on the fourth card and dropped two whole points to spoil his chance at four cleans in a row. Seriously though, he missed a couple of very fast wind reversals – and there were many – to end as first Unlimited with a 998-62X. Patterson managed a 247-14X for second and McBrayer finished on a 248-12X for third.

McKay finished his domination of the Factory class finishing with a 248-8X while in the Semiauto class Forgacs and Lemley kept it interesting. Forgacs secured the match by one point over Lemley by posting a 249-10X, but Lemley took it to the wire by finishing with his own clean 250-9X to end only one point down.

Considering the weather, there sure were a lot of 250's on the scoreboard this month!

Congratulations to all winners and for full results, please see the Match Bulletin on Club Website or Forum.

Unlimited 22

Grant Toman 998-69X – 1st Unlimited

Pat Patterson 992-59X – 2nd Unlimited

Factory 22

Drew McKay 994-36X – 1st Factory

Semiautomatic 22

Shaun Forgacs 995-35X – 1st Semi-auto

The final match of the season will be held on September 26th and will be four stages fired at 50 yards on the class appropriate RBA or IBS target using best edge scoring. If you have an accurate rifle and a good rest, come on out and join us for the fun.

Action Pistol

Our " 2nd Anniversary of Electronics" Match

Saturday, August 21th , the sun rose over the River Bend Action Pistols Bays as our dedicated volunteers finalized the set up of our stages and our great administrative staff, with the welcome return of Ariel, got our forty five shooters signed in and waived out. As per our standing agreement with her, Mother Nature politely waited until after our match ended to bring forth any precipitation.

In addition to our regular family we had five new-to-action pistol competitors. Ladies Limited, Limited Optics, Open Class, 1911, .22 and .22JR, and of course Limited all filled with the friendly mini-competitions that make Action Pistol great. Once again we got participation in our .22JR Division fired up with Colton and brand new competitor Gabriel showing up to represent our next generation of AP shooters. In addition we had another couple of prospective new members joining us to earn their "creds".

Bay 1 - **IPSC and Steel** - Brought the dreaded IPSC Head and Body shots at Position 2 to the steel madness with plate and pin racks at Positions 1 and 3 and teenie weenie head shots at Position 2. Those little IPSC heads get real small at 11 yards and very few shooters sped through the middle section. Seemed to be a lot of "is there a hole in that head?" going on, plus more than a few who went tunnel vision and sped right through with double taps, forgetting all about the head shots. Oops!

(Continued on page 11)

Action Pistol

(Continued from page 10)

Bay 2 - Too Much Steel and Stuff Starts Moving - Bring on the thrill of lots of steel and paper for your shooting enjoyment. Table to barrel to box (*look how fast that swinger is moving!!*) to barrel and you were done. We even had one veteran AP shooter with the skill to split two separate trigger wires with a single round. Angelina Jolie would have been proud. The mix of paper and steel along with not too much aerobic exercise was enjoyed by everyone including the RO's.....

Bay 3 - Left and Right - In Between - Left and Right - Once again summer heat sympathy prevailed on Bay 3. The stage began with a short run to the first shooting position but you had to use both sides of the barricade. Then it was on to the middle position and figuring out between the barrels which targets were which. And don't forget it's body AND head. Then on to the last barricade for a final left and right, or in some cases right and left. Seems like everyone had a good time except for a couple of the hostages -- the stuff of Action Pistol at River Bend.

(Continued on page 12)

Action Pistol

(Continued from page 11)

**Thank you Mike, Phil, Art and Denise
for your Friday pre-setup help and to
all who pitched in to help Saturday
morning to finish the job!**

Our Action Pistol traditions continued after the Bays were cleared with another great grilled lunch with Art serving as our guest Grillmeister. Karen Busey brought a huge bowl of chilled summer pasta which never stood a chance against the AP crew. And for dessert we were blessed with Mamiko's famous brownies with and without marshmallows, and even some frozen juice bars! Our shooting match continues to support fine dining and caloric overload River Bend Style as an event that no one should miss. Of course the match and lunch were topped off with door prizes of ammo, cleaning gear, storage equipment. Another fine day with fine friends.

Thanks again to the Action Pistol RO's and Support Team plus all the competitors who show up early to help set up, get us going and keep us safe and organized.

**OUR NEXT ACTION PISTOL MATCH IS
SEPTEMBER 18th**

Georgia ICORE

The tropical storms knew to stay away while the wheel guns, the real guns, held their August match. Plenty of shade kept it cool on the older Action Pistol ranges where Greg Cannon won the Open division and the match. Ted Pesta took first in Limited Division, Rick Weiss won Limited-6, Chuck Cox won Rimfire and Alfred Sauvé won Classic. A shout-out to our sponsors, Hunter's HD Gold and Carver Custom.

This month the steel stage mixed steel and paper, but you had to shoot them in order; paper, steel, paper, steel, paper. It was referred to as playing Revolver, Paper, Steel.

Taking it slow on the steel to minimize makeup shots, and reloads, does the trick. The two classifiers shot were; "Exercise One Two Three" and "Time To Fly." The later had four shooting boxes and found competitors "flying" from one to the other.

Stage Two was borrowed loosely from a USPSA course of fire and challenged shooters with an odd number of reloads, multiple stopping points to shoot and a dueling tree. Stage Five only had 7 targets, but each one was configured differently, from dual tuxedo to 45° and other cockeyed hard cover. Three shots each freestyle, if you please. Now do it again strong hand only. One shooter, on a challenge, shot the freestyle string with their weak hand only. Hilarity ensued.

NO MATCH IN SEPTEMBER.

The International Revolver Competition will be held during the 2nd weekend in September at Jerry Miculek's Shootout Range in Louisiana. Best of luck to all the GA ICORE competitors attending.

(Continued on page 14)

Georgia ICORE

(Continued from page 13)

Our **next match** will be held on **October 9th**. Details will be in the October RBGC Newsletter.

BREAKING NEWS – STOP THE PRESSES

The GA ICORE season has been extended this year. There will be matches in November and December as well as the regularly scheduled match in October. The club will take January and February off and start the 2022 season in March. Mark your calendars and reload your brass.
